About Me

Senior Digital Project Manager

Technical Skills
(100%)
Professional Skills
(100%)

I’m so happy to have the opportunity to do what I love, at a company I love. I’ve been a project manager on digital projects for nearly 11 years. My

colleagues aren’t just my colleagues; they’re also my second family. We work as a strong and harmonious team, and we constantly develop each other.

Outside of work, I’m a true traveler, a fun-loving person, a bookworm, and a film enthusiast. Cultural events, new discoveries, and diverse experiences are essential parts of my life. Thanks to my ability to connect with people easily, I have a wide network, and I love interacting.

My most important role is being the mother of two beautiful girls. I live a full and joyful life in my professional, social, and motherhood life.

My Experiences

My Professional Experience Areas

The roles I took on in different projects enabled me to gain strong skills in areas such as project management and customer relations.

2022

Software Project Manager

Nuevo Softwarehouse
I support our customers with corporate websites, intranet sites and mobile applications in managing projects on both .net and MS SharePoint infrastructures.

2020

Project Manager

Stradesco
I support the management of influencer teams who share social media posts, and the preparation and direction of reports.

2019

Project Manager

Ogoo Digital
I was supporting corporate customers in presenting and managing projects (intranet, website, mobile app) with UX design using responsive technology with MS SharePoint infrastructure.

2018

Project Manager

Alegra
I was working as a Project Manager, coordinating Application development processes and managing Websites for customers mostly in the e-commerce sector.

2017

Project Manager

Agency Look
I was doing project management work for UX projects.

2013

Project and Content Manager

Turkline
I was working on project management, content updates and test analysis of corporate websites on the MS SharePoint infrastructure.

2012

Web Design Manager

Özel Levent Hastanesİ
I was responsible for the creation, management and updating of the hospital’s main website and microsites.
